

BRICS Entertainment City

Integrated Development Project — Business Plan (English Edition, V1.2)

Strictly Confidential · For Government Review Only

机密文件 · 仅供政府审阅

Item	Value
Project	BRICS Entertainment City (金砖娱乐城)
Site	Colombo Port City, plot 1-01-13, freehold 14,000 m ²
Investment	≈ US\$950 million
Landmark	BRICS Tower · National Convention Centre
Hotel	BRICS Grand Hotel
Casino	Macau Entertainment City
Opening	Q2 2029 (staged)
Version	V1.2 · September 2026

Submitted to: Office of the President / Office of the Prime Minister / CPCEC

Prepared by: BRICS Entertainment (Sri Lanka) Investment Limited

Architecture: Broad Group

This English edition is the compact international text. Figures match the Chinese statutory plan. Base-case Y3: revenue ≈ US\$640m, EBITDA US\$282m. V1.1/V1.2 overlays do **not** raise those headline numbers.

Contents

1. Executive summary
2. Why Sri Lanka, why now
3. Project snapshot and four positions
4. Architecture and VIP-hall design
5. Market and guests
6. Business model
7. Capital, P&L and labour in the accounts
8. Value to Government
9. Legal and tax path
10. Jobs, CSR, responsible gaming
11. Timeline
12. Human-resource cost (VIP staffing + robots)
13. Revision log

1. Executive summary

One project, five national outcomes: fiscal, FX, jobs, diplomacy, Port City demonstration.

Metric	Figure
GFA	≈ 325,400 m ² · three towers (33 / 30 / 30) + 3 basements + AI parking
Keys	941 hotel + 248 apartments = 1,189 units
Casino	VIP is the P&L. 26 salons; main floor ≈ 25 live tables (full pits, not 100 empty tables)
VIP salon	400–450 m ² · 4 multi-game tables · 8 surfaces (4×2) · 40–50 guests
State reception	3 presidential + 6 head-of-state suites (9 principals)
Meetings	Banquet 800–1,200 · ≥20 summits/year
Wellness	Regenerative medicine ≈ 18,700 m ²
Access	1,200-bay AI parking · 3 rooftop pads to Hambantota
Jobs (commitment cap)	4,100 · 73.8% local · operating target ≈ 3,690 after robots

Y3 base case (unchanged): revenue US\$640m · EBITDA US\$282m (44%) · net income US\$173m. Twenty-year IRR 22–26% · EBITDA payback ≈ 4.3 years · NPV@10% ≈ US\$800m.

Fixed rent floor: 12 tendered VIP salons × US\$10m = **US\$120m/year**, uncorrelated with hold. Company books casino revenue US\$381m of which 31.5% is that rent.

V1.2 labour: fully loaded payroll ≈ **US\$75.4m** (11.8% of sales). Robots cut gate, runners, laundry, canteen, parking — **not** licensed dealers. Net saving ≈ US\$1.1–2.3m/year; not booked in the headline P&L.

2. Why Sri Lanka, why now

Post-2022 reform window; IMF tax/GDP 7.3% → 15%; 2026 tourism target >3 million; CPCEC Act 2021/11 + GRA Act 2025/17; City of Dreams open Aug 2025. Gap: no South Asian IR built for UHNW + summits + heads of state. Four-hour radius ≈ 3 billion people, 5m+ HNWIs (Mumbai 2.5h, Dubai 4h).

V1.1 add-ons: macro-risk box (licence timing, FATF, salon default); structural constraints (power, talent, social licence). “No-loss downside” holds only if tender rent is actually paid.

3. Four positions (complementary to City of Dreams)

1. UHNW VIP gaming (rolling chip from US\$250k)
2. Flagship summit / diplomatic reception
3. Regenerative medicine & anti-ageing
4. Neutral vault / custody vs Singapore and Hong Kong

City of Dreams = mass-to-premium IR. BRICS = UHNW + diplomacy + wellness + custody.

4. Architecture and VIP design

BRICS Tower (centre, 33F, ≈95,900 m²): state banquet, 14 themed rooms, state floors, 870 ocean-view keys, 360° restaurant, rooftop aviation.

West — casino (30F, ≈77,900 m²): HSBC / international bank on L1; main floor L2; **26 VIP salons L3–L28**; vault B1–B2.

East — apartments + wellness (30F, ≈102,100 m²): medical L2–L6; 248 residences.

Parking: Daxing-style AI robots, 1,200 bays.

VIP salon (the product)

Spec	V1.2 standard
Area	400–450 m ²
Tables	4 multi-game · 8 surfaces
Capacity	40–50
Fit-out	Own cage, bar, WC, office, CCTV, robot door + 1 mobile guard (4:1)

Who pays dealers: 12 tendered salons = operator payroll; 12 JV + 2 owned = company ≈ **280 salon staff**. Tender rent carries almost **no** in-salon labour on our book.

Main floor (atmosphere, not the P&L)

≈ **25 live tables** so the room looks full. Card / horse machines supplied by a machine company on **profit share** — noise, not margin. **HSBC ATMs** for cash. Complimentary room: **RMB 20,000** rolling chips → 1 standard night, checkout 16:00, no minibar; casino reimburses hotel internally.

VIP credit: a **licensed finance company controlled by the sponsors**, separate AML/KYC — not an unlicensed casino book.

5. Market

Segment	Share	Typical chip
GCC UHNW	30–35%	US\$0.5–5.0m
BRICS political / business	20–25%	US\$0.25–2.0m
India UHNW	20–25%	US\$0.1–1.0m
East Asia VIP	10–15%	US\$0.25–3.0m
Medical / meetings	13–20%	mostly non-gaming

Premises (visa, airlift, junket licence, FEMA) must be green before the 70% occupancy base case is used.

6. Eight revenue streams (Y3 base)

Stream	US\$m	%
Casino (company-recognised)	381.4	59.6
Hotel 941 keys	118.5	18.5
F&B and meetings	75.1	11.7
Apartments 248	15.9	2.5
Wellness	17.5	2.7
Custody / financial	9.0	1.4
Entertainment / retail	18.7	2.9
Parking etc.	4.3	0.7
Total	640.4	100

Full-ecosystem GGR ≈ US\$442m, of which VIP salons **88.7%**. Non-gaming 40.4%. Fixed / stable income ≈ US\$149m (23.3%).

Five-year base: Y1 255 / Y2 480 / Y3 640 / Y4 698 / Y5 761 (US\$m). Y1 EBITDA already +US\$57m; accounting loss is D&A + interest.

7. Capital and P&L

Capex US\$950m: land 50 · structure 400 · MEP 128 · FF&E 100 · casino 90 · other 182.

Funding: sponsor 300 · salon pre-sale 150 · bank 285 · partners 110 · flexible 105. D/E ≈ 0.43. Risk reserve ring-fenced US\$81m (contingency 31 + flexible 50).

Y3 P&L	US\$m	% sales
Revenue	640.4	100
Direct cost	291.8	45.6
Gross profit	348.5	54.4
Overhead	67.0	10.5
EBITDA	281.5	44.0
D&A	50.0	7.8
Interest	15.0	2.3
Tax 20%	43.3	6.8
Net income	173.2	27.1

Downside Y3 still ≈ US\$42m net if occupancy 50% and chips US\$150k **and** tender rent is collected.

8. Value to Government (Y3)

Item	US\$m
GGR levy 18%	79.6
CIT 20%	43.3
Other (licence, PIT, indirect)	29.9
Year-3 fiscal	≈ 153
Ten-year fiscal	≈ 1,760
FX net inflow	581 / year · 2,510 over five years
GDP	≈ 420 (≈0.49% of national)

GGR levy alone exceeds City of Dreams' entire casino tax. CIT holiday (Category B/C) is **not** in the model; US\$950m qualifies for Category B, Category C needs +US\$50m.

9. Legal

CPCEC Act No. 11 of 2021 · GRA Act No. 17 of 2025 · Melco 20-year precedent. BIT + ICSID. FATF-aligned AML. 20% CIT in the authorised-person contract remains the **table** rate.

10–11. Jobs, CSR, timeline

Construction peak ≈ 3,500. Operating cap **4,100** (73.8% local, pay ≈ +50% vs Colombo). Responsible gaming + community fund US\$1.0–1.5m/year. LEED Gold.

2026Q4 start → 2027Q2 works → 2029 Mar hotel soft open → May formal → **June casino**. Broad modular buffer 4–6 months.

12. Human-resource cost (full chapter, compact)

Item	Y3
Headcount cap	4,100 (local 3,026)
Cash payroll	≈ US\$60.3m
Load 25% (EPF/ETF, housing, training)	≈ US\$15.1m
Fully loaded	≈ US\$75.4m · 11.8% of sales
Local cash (matches Ch.8 PIT base)	≈ US\$34.9m

Where labour sits: casino direct ≈ 17.6 · hotel ≈ 14.0 · F&B ≈ 5.0 · wellness/other ≈ 10.4 · G&A/sales ≈ 28.3 (US\$m). Tender salons do **not** put dealer wages on our US\$75.4m.

Salon roster (company-run hall): 12 dealers + 3 inspectors + 4 hosts ≈ 19–20 people. 14 company halls ≈ 280. Main-floor dealers for 25 tables ≈ 90. Licensed dealers are **never** replaced by robots.

Robot / AI (Hangzhou unmanned-hotel logic + Daxing parking):

Use	Ratio / mode	FTE out
Door / access humanoid : mobile guard	4 : 1	160
Runner robot : table server	5 : 1	125

Use	Ratio / mode	FTE out
AI parking, canteen line, one-stop laundry	automation	106
Housekeeping assist (linen only)	15%	55
Add robot technicians		+35
Net		≈ 411

Operating headcount ≈ **3,690**. Cash save ≈ US\$2.0m · after robot opex ≈ **US\$1.1m** EBITDA; plus overtime/attrition US\$0.8–1.2m. Incremental robot capex ≈ US\$12m (parking already in the US\$28m garage). Local share stays **≥73%**. Headline P&L **unchanged**.

13. What V1.1 / V1.2 did not change

Investment US\$950m · Y3 revenue / EBITDA / NI · 18% GGR tax · 20% CIT on the published statements. New text only tightens premises, VIP design, labour math and robots.

Annex A — Floor programme (same numbers as the Chinese text)

Centre · BRICS Tower / hotel + convention (above grade)

Floor	Use	m²	Notes
1F	Arrival lobby	~3,800	18 m void, VIP lane, link to casino and apartments
2F	State banquet	~3,200	800–1,200 seats, 12-language SI
3F	14 themed VIP dining rooms	~2,500	BRICS + Gulf themes
4F	Group HQ	~2,200	
5–8F	State guest floors	~12,000	3 presidential + 6 HoS + suites = 71 keys
9–32F	Standard rooms	~58,000	870 ocean-view keys
33F	Revolving restaurant	~1,800	120 + 40 seats
Roof	Aviation	~2,200	1 helicopter + 2 eVTOL · Hambantota ~45 min

West · casino

Floor	Use	m²	Notes
1F	International bank	~2,400	HSBC / correspondent; segregated from gaming
2F	Main floor	~5,000	≈25 live tables + profit-share machines
3–28F	26 VIP salons	~54,000	4 tables / 8 surfaces each
29–30F	Control / VIP reception	~4,400	
B1–B2	Vault	~9,600	500–800 boxes + institutional vault
B3	Security barracks	~2,500	

East · apartments + wellness: L2–L6 medical (~18,700 m²) · L9–L27 / L29 = 248 apartments · L28 sky club.

Annex B — Five-year P&L (base, US\$ million)

	Y1	Y2	Y3	Y4	Y5
Revenue	255.0	480.0	640.4	698.0	761.0
Direct cost	142.8	244.8	291.8	313.6	338.1
Overhead	55.0	61.0	67.0	71.0	75.0
EBITDA	57.2	174.2	281.5	313.4	348.0
EBITDA %	22.4	36.3	44.0	44.9	45.7
Net income	–12.8	87.5	173.2	201.1	230.4

Y3 scenarios: pessimistic 380 / 115 / 42 · base 640 / 282 / 173 · optimistic 850 / 390 / 260 (revenue / EBITDA / NI).

Annex C — Funding and capex (US\$ million)

Capex	Amt	Fund	Amt
Land	50	Sponsor	300
Structure	400	Salon pre-sale	150
MEP / smart	128	Bank loan	285
Hotel FF&E	100	Partners	110
Casino specialised	90	Flexible / DFI	105
Parking, medical, fees, pre-open, contingency	182	Total	950
Total	950	D/E	0.43

Risk reserve ring-fence: 31 contingency + 50 from flexible = **81**.

Annex D — Payroll by department (Y3 cash, then +25% load)

Department	HC	Cash US\$m	Loaded US\$m
Hotel (incl. 150 international butlers)	1,100	14.21	17.76
F&B	520	3.98	4.98
Dealers	420	5.04	6.30
Casino pit / cage / surveillance	400	7.20	9.00
Wellness	280	5.63	7.04
Apartments, security, engineering, G&A, sales, IT, BOH	1,280	14.61	18.26
International executives	100	9.60	12.00
Total	4,100	≈60.3	≈75.4

Government employment story stays at 4,100 / 73.8% local. Internal roster after robots ≈ 3,690.

Annex E — Implementation milestones

Date	Gate
2026.10–12	Company + casino sub; GRA filing; land; hotel-management acquisition
2027.02	NTP / first draw
2027.09	Target GRA licence
2028.01–02	Topping-out
2028.06	All 24 non-owned salon contracts
2029.03	Hotel soft opening (~540 keys)
2029.05	Formal opening
2029.06	Casino: 25-table floor + 26 VIP salons

BRICS Entertainment City — one decision from the Government of Sri Lanka.
